

Bright China Foundation Wins Award from Capital Philanthropy Federation

Congratulations to the Bright China Foundation (BCF) for their entrepreneurship project being chosen as the best charity project in China! More than 500,000 votes were cast in this people's choice award from the Beijing Civil Affairs Bureau and Capital Philanthropy Federation. A quarter of a billion viewers tuned in to watch the awards show, and Minister of the Civil Affairs Department, Beijing Mayor and Vice Mayor attended the event to express their appreciation.

Henry To, BCF's CEO and Jennifer Zhao, Executive Vice General Secretary accepted the award, which they won over 43 other nominated charity projects, and shared some truly moving stories about the countless Chinese youth whose lives have been changed through BCF partnership with the Network for Teaching Entrepreneurship (NFTE). NFTE is proud to partner with the great people at BCF to bring entrepreneurship education programs to young people in need across China.

The NFTE/BCF partnership was established in 2003 and is currently reaching more than 22,000 young people each year in areas from Beijing to the Sichuan province to Hong Kong.

About the Network for Teaching Entrepreneurship

Too many young people today drop out of school and struggle to break the cycle of poverty. Since 1987, the Network for Teaching Entrepreneurship (NFTE) has been inspiring young people to pursue educational opportunities, start their own businesses, and succeed in life. By providing entrepreneurship education programs relevant to the real world, NFTE empowers students to own their educations in and out of the classroom and to find their own path to success. Hundreds of thousands of students have discovered opportunity all around them through entrepreneurship via thousands of certified educators worldwide. NFTE supports active programs in 21 states and 10 other countries through our network of program offices and partners. Entrepreneurs are a powerful driver of economic growth and NFTE sows the seeds of innovation in students worldwide. For more information, visit www.nfte.com.
