

The RENEW THOERY OF CHANGE

By targeting youth who are in out-of-home placements, who have emotional and behavioral disorders, or who are not succeeding in school or at home and providing them with the tools, supports, and relationships they need to develop and direct their own transition from high school to adult life, we hope to create more positive outcomes for those youth including high school completion, employment at their full potential, postsecondary education and training participation, stable independent living, and improved mental health.
